Some of the men whose planning and patience have gone into Vulcan's present stage of gas service are shown at the reception and banquet held at the Dobbs Hotel following the Gas Flaring ceremony. From left to right they are: Back row, John Jamison, legal counsel for Vulcan; D. D. McQueen, County secretary; Ed Carl-

son, chairman of County Council; R. C. McPherson, vice-president of Canadian Western Natural Gas Ltd.; H. M. Hunter, general manager of Canadian Western; Guy Voisey, town representative on County School Committee; M. R. Morrison, finance committee chairman of town Council. Front row:

George Moses, mayor of Champion; Mayor Wm. Munro; Frank Paterson, Lethbridge district supervisor of Canadian Western; Lundy Findlay, mayor-elect of Vulcan. Not included in picture but present at the reception were councillors Ed Emelson and Gary Ness.

First Meeting

Appoint New Committees At Town Council Session

Appointment of committees was the main business at the first meeting of the new town council, held Monday evening of this week.

New mayor J. Lundy Findlay and new councillors W. G. Sutherland and Frank Burchak were sworn in by Deputy-Mayor C. G. Ness.

Committees were appointed as follows, with the first-named of each committee being chairman:

Finance—Councillors Morrison, Joiner and Emelson.

Public Works—Emelson, Ness and Morrison.

Waterworks—Joiner, Emelson and Sutherland.

Fire and Police—Ness, Burchak and Sutherland.

Rink—Burchak, Morrison and Joiner.

Parks, Cemetery and Relief—Sutherland, Burchak and Ness.

Councillor Burchak was named deputy-mayor for the months of November, December and January.

Lomond. He was a grain buyer from 1916 to 1951 and also operated a gas and oil bulk station from 1935 to 1950.

Mr. Hanna was a former reeve and was chairman of the Consolidated School Board for a number of years. He was a Masonic Past District Deputy and was Past Grand Master of the Lomond Masonic Lodge. He was a member of St. John's Anglican Church, Lomond.

He is survived by his wife, Alberta, at Lomond; two daughters, Mrs. B. D. (Ethel) Bolduc of Lomond and Mrs. C. W. (Roalte) Sparling of Red Deer; two brothers, Wendel of Vulcan and Gordon of Black Diamond; five sisters, Mrs. W. Eckmeir of Medicine Hat, Mrs. G. Campbell of Calgary, Mrs. D. S. Wadleigh of Calgary, Mrs. M. Dinrock of Nova Scotia and Mrs. R. Lightbody of Vancouver, B.C., and four grandchildren. He was predeceased by three brothers, Ashley, John and Morton.

Funeral services will be conducted by the Rev. R. H. Johnson at St. John's Anglican Church, Lomond, on Saturday, Oct. 31, at 2:00 p.m. Pall-bearers will be Max Hanna, Hugh Hanna, Roland Hanna, Ward Hanna, Gordon Miller and Alan Valle.

Vulcan Funeral Home is in charge of arrangements and interment will be made in the Mountain View Cemetery, Lethbridge.

Lomond Pioneer

Norris Hanna Dies At Age 73

A well known pioneer of the Lomond district, Hugh Norris Hanna died in Vulcan Hospital Oct. 27, following a lengthy illness. He was 73 years of age.

Born in Porsboro, N.S., he came west in 1906 and homesteaded at

Milo Tops School Track Meet

Milo School won the trophy for the second consecutive year at the annual County of Vulcan Schools track meet held at Vulcan on Friday, Oct. 16. Over 300 students took part in the events, with 80 teachers assisting.

Second place was won by the Arrowwood school, with Vulcan Elementary in third place.

Trophies were awarded to the individual students with the highest number of points and were won by Lynda Brown of Arrowwood and Douglas Davis of Mossleigh. The trophies were presented by Don Yeomans, principal of the Carmangay school.

Refreshments were served by the Vulcan Students Union.

Still Seeking Warning System At R.R. Crossing

Town council is still pursuing the matter of getting warning

lights installed at the railway level crossing at the east side of town which is used by traffic coming off Highway 23 and from the east country.

Rev. Peter Dawson, MLA, has again taken up the matter with the Provincial Minister of Highways, who advises that the town council should apply to the federal Board of Transport Commissioners.

A new formula in assessing costs now applies, with the Board contributing up to 30 per cent of the cost from the Railway Grade Crossing Fund and assessing up to 7½ per cent on the railway, which would leave about 12½ per cent to be paid by the town.

The provincial highways minister is of the opinion that, inasmuch as the railway is used by Dayliners, an application to have a warning system installed would probably receive favorable consideration.

The town has written the Board of Transport Commissioners for further information.

Prize Winners Listed

Grain Clubs' Achievem't Day Held At Mossleigh

The Mossleigh-Arrowwood and Vulcan 4-H Grain Clubs held their annual Achievement Day on Oct. 17, at the Mossleigh Community Hall.

Mossleigh won the thematic display with their display of the right and wrong way to farm. This same display won a prize at the Calgary Exhibition. The Vulcan display featured Farm Safety.

The 4-H members took part in judging competitions. The afternoon program was conducted by John Campbell and David Hansen acting as co-chairman. W. Wagner evaluated the work of the boys of the Wheat Pool; R. Trimmer, C. E. Yauch, R. Hodgson, S. Burns and H. Hansen all spoke briefly. Janet Leslie entertained with a humorous reading and the Mossleigh ladies served lunch.

The two clubs were judged separately this year as they were working under different systems. In the Vulcan Club, Graham Markert won two cups — one for the best plot and the second for the best sample of wheat. David Hansen placed second and Walter Mc-Niven placed third. The members of the Mossleigh-Arrowwood Club were divided into beginners, where the placing was Janet Leslie, Elsie Leslie and Jack Williams; the intermediate, Don Robinson, Leonard Robinson and Tom Williams, and the seniors with John Campbell first, Barry Campbell second and Vic Gateman third.

H. S. Burns presented the trophies assisted by H. Hansen. The next meeting of the Vulcan 4-H Club will be held at the Redland-view Hall with Brian Dunham as host.

Five Men Are Injured In Car-Truck Crash

A head-on car-truck collision at mid-afternoon on Saturday, Oct. 24, resulted in five men being hospitalized at Vulcan for various injuries.

The accident occurred at a dip in the road about 4½ miles west of the airport, near the farm of J. T. White and Miss Lillian White was the first to reach the scene of the crash. Dr. M. E. Koziol accompanied the Vulcan Motor Products ambulance to the accident and rendered first aid to the injured men before they were taken into hospital.

Riding in the truck were Jerry Moffett of Ensign and Dale Moffett and Gary Wise of Junction City, Oregon. In the car were Jack Mayes and Charles Wakes, both of Calgary. Shock, lacerations and some broken bones were suffered by the accident victims but all are now reported to be making good progress in hospital.

Two-thirds of Canada's annual \$2000,000,000 fisheries take is exported.

At Remembrance Service

Belcher Chaplain To Be Guest Speaker

The Annual Remembrance Day Service will be held in the Vulcan Armories on November 11. The service begins at 10:50 a.m. with Legion Chaplain the Rev. R. H. Johnson in charge, assisted by local clergy.

The guest speaker this year will be the Rev. E. N. P. Orme, M.B.E., C.D., L.Th. Padre Orme is one who lives with Remembrance Day ever with him, as he is the Chaplain to the Colonel Belcher Hospital in Calgary.

After graduation, Padre Orme served in parishes in Western Canada. At the outbreak of World War II he joined the forces and went overseas. On his return, he was made Chaplain to Colonel Belcher D.V.A. Hospital where he ministers to veterans of all of our wars. Padre Orme regularly takes part in the Remembrance Services in Calgary as Senior Protestant Chaplain of the area.

Auxiliary Plans Poppy Day

Eighteen members of the Ladies' Auxiliary to the Canadian Legion were present at the regular meeting, held Wednesday, Oct. 21, in the Legion Hall. Mrs. G. Bell, the president was in the chair and conducted the meeting assisted by

Secretary Mrs. E. Jones.

Mrs. Ted Cossette, whose application for membership was favorably received at the previous general meeting, was in attendance and was duly initiated as a member. All members welcomed her. One application for membership was presented and unanimously approved. The candidate will be notified to be present for initiation at the next meeting.

The correspondence read dealt largely with routine matters and committee conveners presented their reports.

The matter of Legion bursaries was discussed and \$10 voted to this fund. The branch went on record as favoring paying travelling expenses of zone commanders, when they were required to call on different branches. It was reported that the zone rally including Vulcan branch will be held at Pincher Creek next spring.

Final plans were made for the Poppy campaign and the president stressed the need for canvassers among the members. It was urged that all members donate one or two hours sometime on Saturday, Nov. 7, to this very worthy cause.

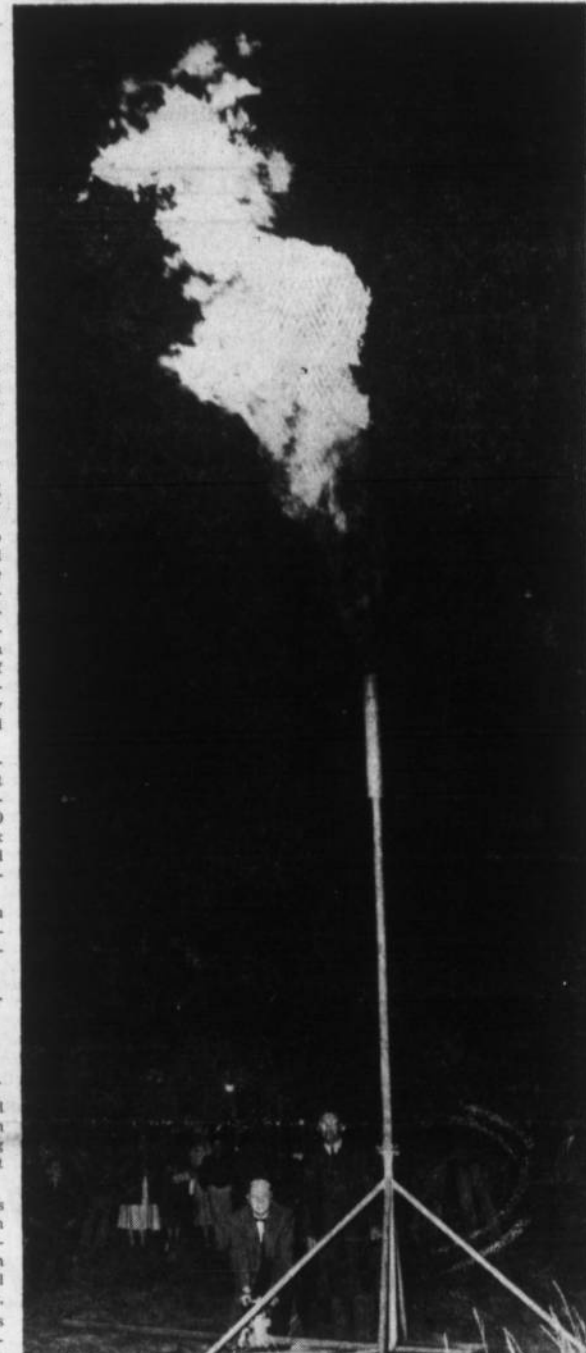

At the conclusion of the business session, lunch was served by a committee.

Milo Baby Wins At H. River Show

GREGORY DAVID DEITZ, six-month-old baby son of Mr. and Mrs. David Deitz of Milo, recently won two awards at the High River Baby Show. The show was sponsored by the Foothills Health Unit and was held in connection with the Annual Town and Country Fair. Winners of the Baby Show were as follows: Girls—Susan Jane DePas (High River) first; Cathleen Anderson (Pekisko) second; and Dana Lynn Kemery (High River) third. Boys—Greg-

It was a long, hard struggle, but that's natural gas flaring from the pipe in the above photo. Taken at the Gas Flaring Ceremony on Friday, Oct. 23, at the gas regulator station, Mayor Wm. Munro is shown with Canadian Western's

Mayor Munro Officiates

Flaring Ceremony Marks Advent of Natural Gas

In a brief Gas Flaring ceremony, described by retiring Mayor William Munro as the beginning of one of the greatest advances in Vulcan's history, natural gas officially came to Vulcan Friday, Oct. 23.

Attended by officials of the Canadian Western Natural Gas Company, the Town of Vulcan and many citizens, the supper hour ceremony was highlighted by lighting of the gas flare by Mayor Munro.

The flame burst high from its pipe to some fifty feet above the ground and was greeted with silent satisfaction by the many who had watched with appreciation the difficulties and legal entanglements which almost cost Vulcan natural gas for another winter.

Lethbridge division manager Frank Paterson said the Vulcan extension completes gas services for this line including Barons, Carmangay, Champion and Kirkcaldy, which have previously been connected. He gave thanks to residents for their patience and co-operation during the changeover which necessitated repeated trips through homes, increased odor and barricaded drive-ways and alleys,

Gregory David Deitz (Milo) first; Stephen Leman (Turner Valley) second; and Peter Morrison (High River) third. Gregory Deitz also won the "Best Baby" award. Winners were named by Dr. John U. Crichton, pediatrician from Calgary.

Lethbridge district supervisor Frank Paterson, just after the gas had been turned on. This ceremony marks completion of the Vulcan line consisting of Barons, Carmangay, Champion, Kirkcaldy and Vulcan.

In his address Mayor Munro described this as a red letter day for Vulcan. He said the provincial government claims the province to be rich in natural resources with which all provinces are not similarly blessed, and that it is the heritage of the people to share in the resources. This resource, the mayor said, almost escaped us. Although both companies failed to see eye to eye in the matter of gas supply to Vulcan he was happy to have the project fulfilled to its present stage and thanked especially, Canadian Western for their trouble and expense in the town's cause.

Following the ceremony Canadian Western played host to 50 persons at a reception and banquet, at the Imperial Hotel, attended by company representatives and some of the townspeople who have played an active part in the long drive to get the present gas service.

At the reception, Lundy Findlay, mayor-elect, complimented Mayor Munro and town council for their untiring efforts in the twenty-year struggle for natural gas. He noted gas had been deferred in attempts

JUNE HAMES

Proficiency Award

Miss June Hames, R.N., the daughter of Mr. and Mrs. E. A. Hames of Champion and a recent graduate of the Galt School of Nursing at Lethbridge, has received the Emily Hick Award for Proficiency in Pediatrics. The presentation was made by Mrs. A. D. McLennan.

Miss Hames completed her schooling in Champion with a senior matriculation before entering nursing training in 1956. She is at present a member of the nursing staff of the Municipal Hospital in Lethbridge but intends to start a post-graduate course early in the new year.

WEATHER

Warmer weather, aided by good, drying winds, allowed harvesting to proceed at a good pace last week and it is estimated that 95 per cent of all harvesting in the county area is now completed.

At Memorial Park

Tulips Planted Here To Mark Golden Jubilee of Guiding

A shipment of golden tulip bulbs has arrived in Vulcan from Holland, part of a huge order of three-quarters of a million bulbs to be planted by Girl Guide companies and Brownie packs from coast to coast to mark the Golden Jubilee of Guiding in Canada in 1960.

The Vulcan tulips, ordered by the 1st Vulcan Guide Company were planted in the Memorial Park as a "thank you" to the community for its co-operation with the Guide movement since its formation here. The bulbs are all Golden Harvest tulips and are planted in an oblong bed. They will bear a small notice stating that they are the gift of the Guides to mark their Golden Jubilee.

Tulips have been planted by the girls themselves under the direction of Mrs. Russel Graham. The huge shipment, one of the largest tulip orders ever to be placed in Canada, was shipped from Holland to the ports of Montreal and Vancouver, and the bulbs have been distributed from these points to communities in every province. Orders for each community were individually packed and labelled in Holland, and each order carries with it detailed planting instructions for the particular climate where the bulbs will grow.

Next spring the Girl Guide "River of Gold" will start to bloom on Vancouver Island and will gradually flow across Canada to the coast of Newfoundland. Even the Yukon will make a special tributary to the river, with Guide companies and Brownie packs there planting special forcing bulbs in pots for gifts to churches and hospitals, replacing outdoor beds, which are impractical there.

LOMOND

Mr. and Mrs. Andy Thomas were visitors at the home of the latter's parents, Mr. and Mrs. A. McAllister for several days last week.

Harry Hammer has returned home after being a patient in the Lethbridge Hospital a few days last week. Best wishes for a speedy recovery are extended.

Best wishes for a speedy recovery are extended to Norris H. Hanna, a patient in the Vulcan Hospital.

Mrs. Gail Slawson and family of Vancouver, B.C., are guests at the home of Mrs. Slawson's parents, Mr. and Mrs. R. H. Skeith.

Thieves were on the prowl again in Lomond last week when they tried to force entry into Frost's Red & White Store and Rainey's Hardware Store. They were unsuccessful at both stores but did manage to break in the Lomond Service Garage. As yet it is not known whether or not anything was taken.

The many friends of Axel Neilson are pleased to see him up and around again after an accident last week in which the truck he was driving was almost completely wrecked.

Mr. and Mrs. Frank Chow were visitors in Lethbridge on Thursday of last week.

Mr. and Mrs. Lawrence Schrader and Allan of Rimby were visiting relatives in Lomond last week.

Bethany Lutheran W.M.F.

The October meeting was held in the basement of the Bethany Lutheran Church with Mrs. Albert Johnson as hostess and was opened with the hymn, "My Faith Looks Up To Thee."

Pastor Foster gave the Devotional and lead in prayer, followed by the roll call which was answered by 12 members. There were three visitors. The reports of the secretary and treasurer were disposed of in order. Correspondence consisted of one letter on missionary work read by Mrs. Foster. The members voted to buy a propane cook stove for the basement and a committee was chosen to look into this matter. To add to the dishes for the cupboard the members decided to each bring a cup and saucer for roll call at the next meeting. Several members will be

attending the Southern District Annual Workshop to be held at Claresholm on Nov. 7. Two members donated their pennies to the "birthday box" and were rewarded with the song, "Happy Birthday" by the rest of the members.

The next meeting will be held at the home of Mrs. Ed. Johnstone, Nov. 18.

Following adjournment and the singing of the hymn, "Rock Of Ages," and to celebrate our fifth anniversary, four of the eldest members, who are charter members, were asked to stand and received "Life Membership" pins. They were Mrs. Winifred Chapman, Mrs. Ingvald Magnuson, Mrs. Paul Ost, Sr., and Mrs. O. T. Sande. Mrs. Lena Huff has proudly worn her life membership pin for nearly three years.

A very lovely lunch was then served by the hostess who was assisted by Mrs. Elmer Hamm.

MOSSLEIGH

The Students' Union held their first Record Hop of this season on Friday and had a good attendance. Records were played until 11:00 p.m., then doughnuts and pop were served.

Shower Held

A very pretty shower was held in the Mossleigh church for Mrs. K. Woods (nee Jean Fredrickson) on Saturday afternoon.

After a program which consisted of a purse content fine, a piano duet by Jeannie and Cheryl Randle and a jumbled word contest, Patsy Grant presented Jean with a big basket of gifts carried in by Jeannie and Cheryl. Jean was assisted in opening the presents by Gail Scott and Patsy Grant.

A lovely lunch was served by the girls of the Students' Union.

Official figures show that Canadians, during the early part of 1958 were paying off their debts to installment finance companies faster than they were taking on new borrowing.

TOMMY'S DOLLAR

Tommy is saving up for a bike. Dollar by dollar, week by week, his bank account is growing... bringing the Big Day nearer.

But meanwhile, Tommy's dollars are serving a second useful purpose.

Bank credit is based on the dollars Canadians keep in 11 million deposit accounts in the chartered banks—and Tommy's account is one of them. Bank loans are constantly being made to meet the needs of business and personal borrowers in all parts of Canada.

So every time you make a deposit you are—like Tommy—building toward something worthwhile for yourself, and at the same time keeping your dollars at work for the benefit of all.

PROMOTES TERM SOUTH ALBERTA "ROAMING EMPIRE"

Representatives from all over Southern Alberta gathered in the Palomino Restaurant in Fort Macleod recently when the "Roaming Empire" was formed.

Ken Liddell, well-known columnist of The Calgary Herald, outlined the objectives of this new dominion and held down the fort until the arrival of Doug Johnson, able secretary of the steering committee who was delayed while exploring possibilities. Enthusiasm was shown by all present. Aims and objectives of the Association are to further South Alberta as a tourist attraction. Signs would be placed along highways, naming facilities and scenic places that could be visited from a particular area.

E. C. Lonsdale of Lethbridge was elected president; Ted Kreutzer of Fort Macleod, vice-president; Jack Kerr of Crownsnest Pass, vice-president; Don Anderson, Drumheller, vice-president; Doug Johnson, Calgary, secretary-treasurer. Directors: James Laidlaw, Nanton; Mrs. Jean Hoad, Claresholm; Harvey Wolff, Cardston, and Del Pound, Brooks.

Ken Liddell of Calgary, on a unanimous vote, was elected honorary president for the efforts he has put into this association.

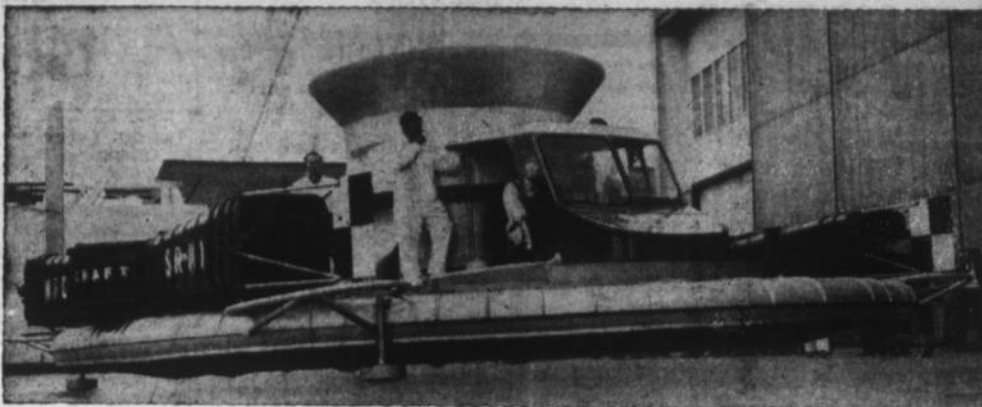

More than 3,000 Canadians died in the last decade as a result of accidental poisoning, exceeded only by falls and fires as the most fatal type of home accident.

FLIES OVER LAND and sea on cushion of air. Britain's "Hovercraft"—a wonder machine that is neither ship nor plane but rides on an artificially created cushion of air—made its first public flight recently at East Cowes, Isle of Wight, when it was demonstrated to British pressmen.

Known as the "SR-N1 Hovercraft" the experimental machine—British invented, British designed and British built—flew forwards, sideways and backwards only 15 inches above the land and above sea. In this picture the "Hovercraft" is seen as it is put through its paces at East Cowes by chief test pilot Peter Lamb of the Saunders-Roe Company. Carrying an observer and two mechanics, the oval-shaped craft weighing nearly four tons is seen above the ground supported by its cushion of air. Underneath the craft in the background are seen the feet and legs of some of the spectators who witnessed the craft make its historic flight. (Below) On its flight over the sea the Hovercraft is dwarfed by the liner Queen Mary, as in a cloud of spray it glides smoothly across the Solent.

The Hovercraft, powered by a 450 horsepower Alvis "Leonides" engine mounted in the centre duct of the craft, drives a fan which provides the cushion of air to support the craft. The lift principal of

the Hovercraft is the generation of the cushion of air under the bottom surface of sufficient pressure to support the craft. The cushion is contained within the curtain of air that flows from the rim of the craft to ground or water.

NOW... '60 CHEVROLET STURDI-BILT TRUCKS

WITH REVOLUTIONARY TORSION-SPRING SUSPENSION THAT GIVES ASTONISHING NEW SHOCKPROOF ACTION!!!!

Chevy's done the next best thing to paving every road in Canada!

First they threw out the front axle and put in torsion-spring independent suspension. Then they built coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day.

Brawnier bulldozer build!

They're tougher than any Chevy trucks ever made. Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for sheet metal.

More comfortable cabs!

Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips.

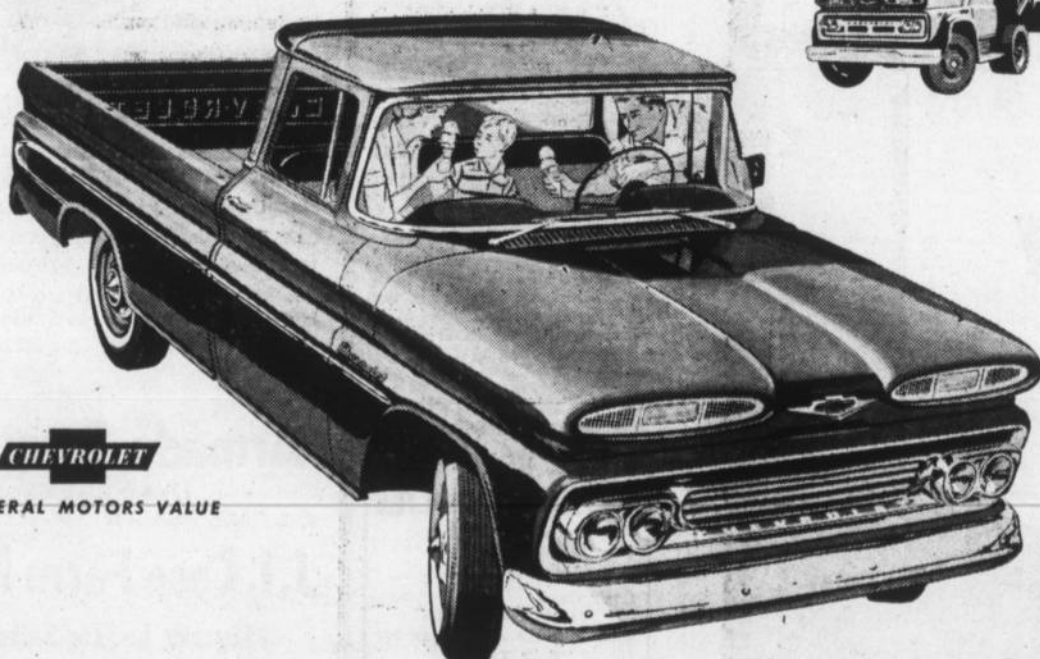

Big in the power department!

With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in new L.C.F. models.

More models than ever!

New 4-wheel-drive models, tandems and high-styled Suburban Carryalls. It's the handsomest, hardest Chevy fleet ever to report for duty. See your dealer for the whole story, and be sure to take a ride!

Anything less is an old-fashioned truck!

MAJORVILLE

As farmers complete their combining they pull their machines into the neighbor's field and so harvest is once again nearing completion for another season. Only a few strips of grain remain and those who have sunflowers are hoping the good weather will continue for a few more days, as according to moisture tests the sunflowers are reaching the harvesting stage. Once more Majorville district farmers have a lot to be thankful for.

Mrs. Hap Heather arrived home from Vulcan Hospital with her new son and to those who may be interested the infant's name is Warren David.

Belated birthday wishes go to George Klemme who reached his 70th birthday Oct. 11. George is busy at the present time selling livestock and otherwise getting ready to retire to Milo, where he has a home all ready to move into.

Marvin Winch left on Thursday for Calgary where he joined Floyd McCreary. The two lads intend to journey north of Edmonton on a mission trip under the auspices of the Queenstown Christian Training Centre.

Most farmers are happy and content to harvest the crop they have in the swath or standing in the field but Billie Francis went one better this past week when he harvested a skunk. According to reports Billie lost one hopper full of grain and the atmosphere around was not quite what one would imagine when something of that nature happened. However we are happy we were not around to have to prove that statement.

Mrs. Bartsch is looking after her small granddaughter Kathy Culp, while her parents, Mr. and Mrs. Buford Culp of Arrowwood, vacation in Spokane, Wash.

Mrs. Freda Prentice left during the week for St. Paul, Minnesota where she will visit with her sister.

Margaret Winch of Carmangay spent the weekend at the home of her parents, Mr. and Mrs. Hugh Winch.

Friends, enemies and anyone who cares to read, it has been requested that you be informed that Alf Heather and Hap Heather are rebuilding the telephone line after 40 years of use. For the past few years every time the wind blew, whether it blew from the north, south, east, west or compass points between it blew the telephone out of commission and for those of us on the edge or beyond it has been annoying. Several other lines have recently been rebuilt and others are to be in the near future so maybe it will be worthwhile having the phone after all.

Milo-Queenstown F.W.U.A.

The October meeting of the Milo-Queenstown FWUA was held at the home of Mrs. Clarence Umschied with a good turn-out of members and visitors. Correspondence and bulletins were read by the secretary Mrs. Gilbert Vooys, who reported receiving pamphlets on mental health from headquarters of that organization. Also received were receipt books for canvassers but as Queenstown WI is canvassing it was decided not to hand the receipt books to members.

Appointing delegates to the convention was left for the next meeting as was the decision whether to hold a Co-op baking demonstration. It was decided to send a Christmas parcel to the Korean orphan the local adopted and in this connection Mrs. Sandy Henry, Mrs. Laura Sutherland and Mrs. Will Francis were appointed to buy, wrap and mail the gifts.

The election of officers followed the business meeting and resulted in the following being elected for the coming year: President, Mrs. Wayne Monner; vice-president, Mrs. Lawrence Monner; secretary, Mrs. Gilbert Vooys (re-elected), and treasurer, Mrs. Sutherland (re-elected). Mrs. Vic Bertrand won the raffle. Mrs. Wayne Monner took pictures of the group. The next meeting

will be at the home of Mrs. Wayne Monner.

Mrs. Sutherland and Mrs. Lawrence, the lunch conveners, assisted the hostess in serving a lovely lunch.

ARDO EDWARDS

Word was received last weekend of the death of Ardo Edwards, an early resident and homesteader of East Majorville. Born in Creston, Iowa, U.S.A., in 1886 he came to Alberta in 1907. He moved to the United States in the early 1920's and resided in various parts of Wyoming and Colorado, before settling in Denver in 1939.

Besides his widow he is survived by a son in Santa Anna, Calif. Three nephews and a niece went to Denver for funeral services which were held on Oct. 20 in Denver. These were Larry Edwards and Harold Edward of Calgary, Ralph Edwards of Edmonton and Mrs. Clara Francis, recently of Longview, now of Milo.

Public opinion surveys show that a big percentage of Canadians believe labor unions are too prone to use the strike as a weapon.

ALBERTA LIQUOR LAWS DISCRIMINATORY

Liquor laws as applied to advertising are due to be revised in this province, and for the sake of sanity present restrictions should be relaxed.

As the regulations now stand, no Alberta publication may advertise beer or liquor products in its columns, and no radio or television station is allowed to bear messages in the promotion of the liquor industry.

This insane law is seemingly designed to "protect" Alberta residents from distasteful forms of advertising that may carry pictures of foaming beer mugs or distillery bottles. Our pious government doesn't comprehend the flood of national magazines and publications containing many pages of liquor advertising from entering the borders of the province for all eyes to behold. This silly legisla-

tion is tantamount to discrimination against Alberta publishers. It is time the Social Credit government reviewed its liquor advertising laws, and opened the way for limited institutional type government reviewed its liquor ad-

buy the new CANADA SAVINGS BONDS

For those who have trouble holding on to money, this is a convenient and practical way to save. CANADA SAVINGS BONDS are a safe investment with many advantages. If the

need should arise, they can be cashed at any time, at any bank, for full face value plus earned interest. They're like dollars with coupons attached. This year they are better than ever.

CANADA SAVINGS BONDS pay a higher return than ever before — 4.98 per cent per year if held to maturity. They come in denominations of \$50, \$100, \$500, \$1,000 and \$5,000. Up to \$20,000 of the new series may be held in the name of any one person (adult or minor) or of the estate of a deceased person.

CANADA SAVINGS BONDS can be bought for cash or on instalments. All are registered as to principal. Interest is paid by coupons payable to bearer, or by cheque in the larger denominations if you wish. Order yours today through the Payroll Savings Plan, or through any bank, investment dealer, stock broker, trust or loan company.

Action Sought By Fish-Game

For years it has become more and more evident to all who hunt, travel or farm in the county, that a full time, government appointed game officer is needed in this area.

The Vulcan and District Fish and Game Association are going to take this problem to the Provincial Government. This was decided at an executive meeting of the body held last week.

A letter has been drafted outlining the situation as it has developed through the years, pointing out the increased water area and its resultant increase in game bird population and the serious proportions which the violation of the game act have reached.

As is possibly the case in all bird population areas of the province game laws are broken before, during and after the season. The thought of the local organization is that most other areas at least have game officers either at their town or in close enough proximity to control infractions to a degree. Vulcan county is served by officers Fred Aastrup of High River and Bill Bell of Claresholm, both of whom, it is felt, have in their own areas more coverage to extend than is physically possible.

With such a described situation existing here the offender can be fairly sure of escaping detection except from farmers or passersby who are very seldom able to convict the guilty partly because of lack of evidence.

Local and out-of-town hunters have been among those attached to stories of culprits caught in the act of shooting pheasant or partridge out of season, or exceeding bag limits and other offences.

From stories circulating, the cases of infractions become more obvious and plentiful each year. One recent example tells of a local man driving his truck in the country before pheasant season opened who came upon a hunter walking a ditch, just as he had flushed a bird. On seeing the truck the hunter dropped his gun and lay in the ditch, hoping to escape unseen from the cab.

Other local and district organizations have been stumping for a game officer for the Vulcan area for years and their support will be solicited by the Fish and Game Association.

Hope For Bow River

The Bow River has its source in the icefields on the eastern slope of the Rocky Mountains. Its clear waters follow a swift course down the valleys, to the city of Calgary.

For many years Calgary has contaminated this river of fresh mountain water by dumping raw sewage into the stream. Protests from downstream farmers, villages and towns and sportsmen went unheeded. Six years ago the provincial board of health ordered the city to stop polluting the river.

The information is now forthcoming that the city has spent \$3,000,000 on sewage disposal plants. By 1960 the dumping of raw sewage into the river will cease.

Strange to relate, it seems that the protests of fishermen seems to have been more effective than the protests of people on farms and in villages and towns on the downstream of the river.

Letters to the Editor

To the Editor of The Advocate,
Dear Sir:

I read this week in your paper of the proposal of the County of Vulcan Principals' Association for certain standards of dress in the high school. I also read your editorial in regards to the same. I feel opposed to this proposal. Let's not deprive our teen-agers of the liberty to dress as they wish. After all, this is perhaps the last care-free period of their lifetime, and let's let them enjoy it. There are plenty of rules much more important, which they must obey. Let's not make the list of Do's and Don'ts a never ending one.

If 'jet' boots are in style, why not let them be in style? If a boy buys a pair of cowboy boots, let him wear them! That is why he bought them. If teen-agers want to roll up their trouser legs, what harm is done? And certainly jeans are much more economical for boys who take part in sports than are 'casual slacks.'

Yes, it is a privilege for students to be able to attend high school. It is also a privilege for us as parents, guardians and teachers, to guide and direct and teach them. Let us not abuse our privilege by enforcing too many restrictions.

An interested guardian,
Stewart Douglass.

To the Editor of The Advocate,
Dear Sir,

In regard to your editorial in last week's paper on 'High School Dress' I am in full accord with all the proposals of attire suggested.

Let our children dress simply and neatly without stress on the great importance of being a teen-ager. It does not cost anymore to dress neatly and in my opinion does much to strengthen the student's character.

Your truly,
Interested Parent.

Canadian water power potentials, explored and recorded, are sufficient to yield 66,000,000 horse power.

Martin Lahd Dies At Queenstown

Martin Lahd, aged 71, a pioneer homesteader of the Queenstown district, passed away suddenly at his home on Monday, Oct. 19.

Born in North Dakota, he came to the Queenstown district in 1907. In 1923 he moved to Alderson, returning in 1927 to Queenstown where he operated a machinery and garage business until he retired in 1944.

He is survived by a brother, George, and a sister, Mrs. Charles Hollarp, both of Minneapolis, Minn. and by several nephews and nieces.

Funeral services were held in the Queenstown Community Hall on Saturday, Oct. 24, at 2:00 p.m., with Pastor N. D. Foster officiating. Pall-bearers were Martin Boyce, Nels Nelson, Pal Nelson, George Nelson, Clifford Johnson and Raymond Clements.

Vulcan Funeral Home was in charge of arrangements and interment was in the Queenstown cemetery.

Auction Report

Good steers sold up to \$25.70 per hundred weight at last Saturday's sale at High River Auction Mart, with heifers selling to \$23, cows to \$14 and bulls to \$14.50.

Feeder steers sold to \$23 and heifers to \$19. Steer calves brought up to \$26 and heifer calves to \$22. Feeder cows sold to \$17.

Weaner pigs brought from \$2.75 to \$6.75 each, feeder pigs \$6 to \$11.75, and sows sold from \$30 to \$40 per head.

BETTER TIMES AHEAD

Total national output was running at an annual rate of \$34.7 billion, reports the Financial Post, an impressive 7% advance over last year. The source of strength for the economy at its mid-point cycle of expansion is the upturn in business outlays for new plants and equipment. The Post sees a further build-up in inventories, moderate gains in exports, sharp advance in consumer spending at the retail level.

Full Text Of Mayor's Address

Mayor William Munro's address at the Flaring Ceremony which officially marked the coming of natural gas to Vulcan has drawn many favorable comments and The Advocate is pleased to reproduce the full text of the address, as follows:

For the people of Vulcan who are interested in making our town a better place in which to live, this is what we might refer to as a "Red Letter Day" in our history. During the years since incorporation, many advances have been made, but this is the day we have long looked forward to, and yet, although we are urged by our government to make use of our natural resources, this one almost escaped us.

Now it could very well be that the people of Alberta do not fully realize how fortunate we are to live in a province so rich in natural resources, particularly gas and oil. All provinces in the Dominion are not similarly blessed. The line that brings this gas to us is tied in with a line which carries Alberta Gas to Ontario. In Ontario last year fifty billion cubic feet of gas was used, this year they expect to use ninety billion and next year possibly one hundred and fifty billion cubic feet will be produced in Ontario. Robert D. Macaulay, energy resources minister there, stated only the other day that they have a tremendous need for Alberta gas in Ontario. Ontario wells are shallow, without much pressure and the volume is not great. Alberta wells are deep with tremendous pressure, volume and reliability, he said.

At this time I would like to say that although our own gas companies failed to see eye to eye in certain matters, we do tender them our thanks and appreciation, and we wish to emphasize that this is especially so with regard to the Canadian Western. This company has co-operated with us in every possible way, and have gone to a great deal of trouble and considerable expense in making it possible for the citizens of Vulcan to enjoy the benefits of this natural gas, while they settle their "Legal" differences later.

In earlier days, Vulcan was considered very fortunate in having large quantities of coal within easy distance. Then in 1951 propane came. This seemed to be a step in the right direction, and it had much to recommend it. However it had one serious disadvantage — it proved to be rather costly.

Now we have a product that is convenient, serviceable and compared to propane, relatively cheap. During a period when money is in short supply, and there is tight money, as is the case to-day, this saving is of some consequence. Finally if we are to judge by the wonderful achievements witnessed here during the last two weeks or so, Vulcan customers can rest assured that the Canadian Western Natural Gas Company will provide service with a capital "S".

Again, as so many have labored to make our dream come true, I could not close without thanking all, who in any way, helped to make this moment possible. And now the thrill of a life-time. "Welcome, natural gas, from your home away down deep in the earth, and may your presence bring much comfort to the residents of Barons, Carmangay, Champion, Kirkcaldy and to those who call Vulcan home."

Flaring Ceremony

(Continued from Front Page)

during the '30's to have it brought in and postponed again during the war.

Introduced by Mr. Paterson, H. M. Hunter, general manager of Canadian Western, said his company would do the best job possible for the people of Vulcan and that their greatest need for satisfied customers.

R. C. McPherson, vice-president of the company from Calgary, said Canadian Western at this point was here as a trustee only, because of the litigation that is presently taking place, and they cannot operate here yet in the same capacity as in other towns. To explain, he said any persons off existing mains cannot be serviced until the legal trouble has been cleared.

Representing the village of Champion, Mayor George Moses said his people have had the benefits of natural gas for two months and are happy with the results.

Councillor M. R. Morrison, in his remarks, felt council had tried to co-operate and foster the growth of Vulcan through development of water supply, sewer, and now natural gas and the current planning towards increased water for residents.

Also present on behalf of Canadian Western was Jack Fleming, public relations officer, Bill Watson of the Lethbridge office, Tom McLean, service foreman in charge of installations and Ed Tykalovich, company photographer.

Giving wide publicity to the local event was a mobile unit of Lethbridge Radio Station CJOC and reporters from the Lethbridge Herald.

The town has lately been overrun with blue station wagons, panel trucks, huge hauling trucks and other equipment bearing the gas flare identification of the company and to the residents they are a welcome sight. The need for accommodation for service men has been acute lately and the hotel has been heavily booked for some weeks.

To most home owners previously using air-mix propane supplied by Central Gas Utilities Ltd., the changeover has gone by with little difference other than the noticeable odor used in checking lines, and the servicemen's calls. The greatest satisfaction will be registered when the first gas bill appears in the mail. The new gas supply is priced at 75 cents per m.c.f. as opposed to 1.75 per m.c.f. for air-mix, used since 1951.

The initial stages of the project were begun this spring with a line dug across country from the south to the gas regulating plant near the hospital. In the last few weeks men and materials have flowed into Vulcan. Alleys have been temporarily closed off, workmen have interrupted daily schedules in homes, the smell has been high, but people are far from complaining.

The potato, grown in Canada from coast to coast, ranks fifth among the Dominion's field crops in gross farm value.

You Never Saw ... a Newspaper

Thrown into the gutter or waste basket before it was read, did you?

But waste baskets and gutters are constantly filled with unopened expensive direct advertising, sales ammunition shot into the air.

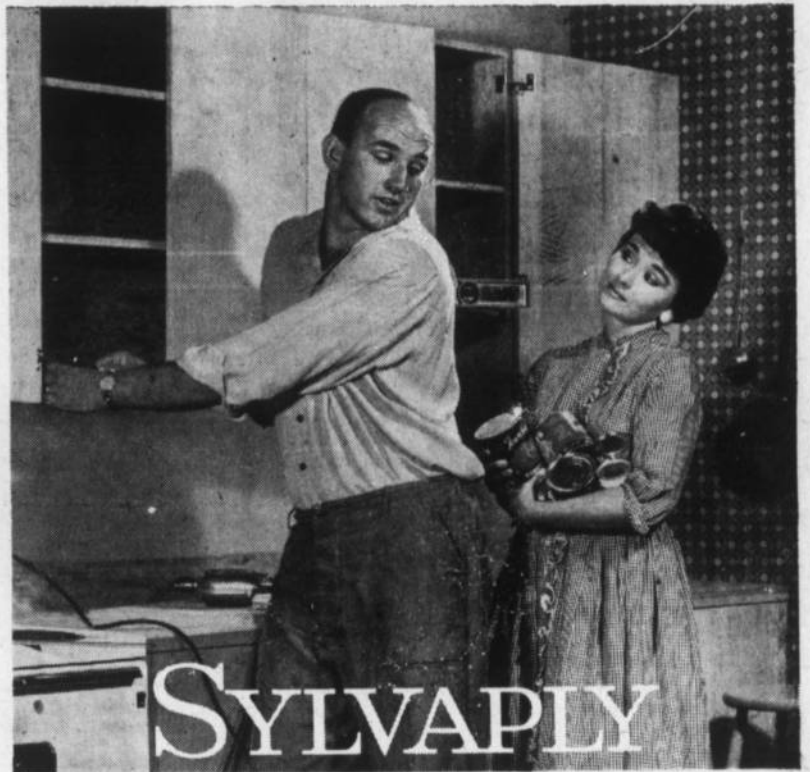

A newspaper always commands an audience with prospective customers. It is never thrown aside without first being read from cover to cover. Then it is borrowed by the neighbors.

That's why intelligent, attractive newspaper advertising is accepted as the most effective form of advertising your business.

An advertisement in this paper will reach over 90 percent of the buyers in the local trade territory. The cost is very small, and besides we do the mailing and pay the postage.

PRESENTING FOR 1960...BUICK'S
ALL-TIME
BEST

THE TURBINE DRIVE
BUICK '60

LeSabre 4-door sedan

A GENERAL MOTORS VALUE

A car with major advances in transmission, suspension, brakes, and engines which are Buick's alone today
A solid, substantial car • A car of superb comfort, quiet, reliability • A car you should drive soon.

NEW COMFORT, QUIETNESS AND QUALITY
Doors that open wider—easier to get in and out. Family-size interior. Seats that are higher, more deeply cushioned, and repositioned to provide more room for feet and legs. Perhaps the quietest running car in Canada due to Buick's torque-tube drive and its high use of insulation. Buick's new quality control program comes to a peak in the Turbine Drive Buick '60.

NEW INTERIOR DECOR AND CONVENIENCE
An entirely new "Mirromagic" instrument panel. It lets the driver see speed, gas gauge, and other necessary readings at a glance in a mirror he tilts to suit his own eye level. And a new exclusive safety feature—the Twilight Sentinel!—that turns headlights on and off automatically as light conditions require. All-new colors and fabrics. Richer appointments.
*Optional at extra cost.

OUTSTANDING PERFORMANCE WITH ECONOMY
1. Buick's Exclusive Turbine Drive Transmission* is jet-smooth, responds faster, more economically than ever. No gears ever shift while the car is in motion.
2. Buick's Exclusive Air-Flo Aluminum Drum Brakes—found on no other Canadian car. Fin-cooled drums front and rear for faster cooling. Fast cooling means safer stopping, longer brake life. Slotted

wheels pass a current of air from under the car constantly over the brakes for added cooling efficiency. (Wheels are 15" size which gives you up to 1/2 more tire life).
3. Buick's exclusive Wildcat Engines give high efficiency with high economy. (A standard new LeSabre Engine is designed to give Buick performance on regular grade fuel).
*Optional at extra cost on LeSabre. Standard on Invicta and Electra.
